

Marlene Cannon Showing Off New Popcorn Machine

FRIENDS OF UNION COUNTY LIBRARY

Friends of Union County Library is pleased to announce that a new popcorn machine arrived at Union County Public Library just in time for the holidays. It was used for Grinchmas in December during which children did craft activities in the Youth Services room; a library staff member dressed up as the Grinch; and the movie, “The Grinch Who Stole Christmas” was played in the Community Room. The popcorn machine was requested by Marlene Cannon, Union County Public Library Branch Manager, to add to the fun of events at the library. She requested the Friends purchase this for the library and a Friend made the donation to cover the cost. It is expected to be used at many future events and was greatly appreciated during its debut at Grinchmas.

February is National Library Lovers Month, with Valentine’s Day being National Library Lovers Day. Therefore, during the week of February 12-17, Friends of Union County Library is going to have a membership drive. (What better way to show how much you love your library than by becoming a member of Friends of Union County Library?) We’ll have members in our library every day that week from 11:30 AM to 1:30 PM to answer your questions, hand out informational brochures, and take forms and money for memberships. Stop by for conversation, some chocolate, and a bookmark!
