

### **Join Owliver in Celebrating Union County Public Library Workers**

Our next quarterly meeting for all members, and those interested in joining, is Wednesday, April 15, beginning at 1:00 PM in the Community Room at Union County Public Library. After our business has been concluded, we will be hearing about the history of Union County Public Library and the formation of Friends of Union County Library in 1996.

Also on April 15, at 12:30 PM, just before our meeting, all members of FOUCL are invited to honor library staff for National Library Workers Day. We are celebrating a few days early as National Library Week is April 19-24, 2026. The American Library Association (ALA) began this yearly day of recognition in 2004, and the purpose is to recognize all library workers, including librarians, support staff, and others who make library service possible every day. Library workers create services and spaces for everyone in the community, from building early literacy programming and summer reading programs for all ages to developing broad and varied library collections and teaching information literacy skills.

Remember: We call them library workers because super amazing life changing multi-tasking miracle workers isn't an official job title. Celebrate the staff who are at the core of our library services by taking a moment to thank a library worker in April, or any time!
